it was too
cold, and
just slept an
endlessly...

And that's
because

the Princess
who is usually
the cause of
the riots in
Demon King
Castle...

Needle Spinnemobile
A demon from the Demoniac Forest Tribe. He's in charge of interruptions and has a soft stomach.

Huh
!?

The Princess captured the King!

Are false

But

...Now

capture it
since they
and it's

capture it,

Here,

half
asleep?

Err...

GYAAAAHHHH

Now
that I
know!

Alright
then, I'll
start
first!

!!???

You didn't want him to capture it?

...I didn't want him to capture it...

Wh... why!? Why would you do such a thing!? Speak!!!

Then that means ...?

He's not capturing it...? Even though they said it's a scramble to capture it?

It's still the first novel! He's not going to capture it!

Doesn't it feel like she's filled with neverstop killing intent?

Why does it feel like there's a huge misunderstanding !!!?

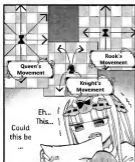

...This guy's going easy on me...?

The Princess thought she was playing a Karuta-esque game just now.

Note: Google for "Karuta". From what I understand, it's kind of like a game of Go Fish, but with kana and speed grabbing involved, and is meant to be an educational game for kids.

Note: The Sylvanian Families are a large collection of children's toys, comprised of various small animals and playhouses. See Google.

So this princess is just doing whatever she likes !!

So she gets sleepy... when she uses her brain, huh...?
